Special Education Supervisor PK-12 Life

Supervisor PK-12 Life

Elementary Self-contained Life

Elementary English Life

Mentally retarded PK-12 Life

Early childhood PK-KG Life

Bilingual/ESL PK-12 Life

Skills & Abilities

As a successful educator of thirty-four years, I learned how to help teachers with discipline, lesson planning, staff development, teacher evaluation, communication with staff and community, school improvement, etc. As important as all these things are, nothing impacts a child more than having a caring teacher. I was able to cut through the interview process and was consistently able to hire teachers who love children. This, was a gift I was given and used every single day.

Experience

2014–2016 Elementary School Principal, East Terrell Hills Elementary, NEISD

- Included development of change management strategies and interaction with key stakeholders. I was moved to ETH to help with severe systemic irregularities.
- I implemented morning meetings and Restorative Justice to help with discipline referrals and behaviors.
- Simple organization was used to help with cafeteria flow and as small as this seems, the positive impact was great.
- Successful Dual language program

Feb. 2012-2014 Elementary School Principal, Harmony Hills, NEISD

- Implemented small group reading that instruction in Kinder through second grades.
- In Kinder, teachers did not believe children were developmentally ready. Through many conversations, data meetings, etc., small group instruction began consistently. Big score gains made believers in the teachers. The receiving grade level noted the readiness in the students and were then able to take them further. Scores continued to rise.

2000-Jan. 2012 Elementary School Principal, McRoberts Elementary, Katy ISD

Recognized School 2000-2004, 2006-2009, 2011

Exemplary School 2010

- Served the needs of 1100+ students and their families.
- Served a large bilingual and Title 1 population.
- Served a large special education population with three Resource units, two Autism units, two
